2. In the reference 4th read above, the Founder & CEO, LIQVID EnglishEdge Private Limited, Noida has expressed their desire for extending further support, **free of cost** to this initiative by extending the duration of usage of their TOEFL Primary and Junior Program for another three years, from April, 2024 until March, 2027 for students of grades 3 to 9 in Government Schools.

3. In the reference 5th read above, the Director, SCERT has stated that the Liqvid team has modified the content according to teacher and student requirements. The Liqvid prepared their content in such a way that it is class wise cross subject and language skills integrated, which is helpful for the learning enhancement of all students along with TOEFL preparation. This is very much appreciated by the teachers and parents. In its current form the content is fully suitable to the context of Government Schools in Andhra Pradesh. The Liqvid team visited Andhra Pradesh frequently along with their content team and technical team and tried the content in all the devices like IFPs, Smart TV and tabs to resolve the issues and finally got successful in disseminating the content to teachers and make it available for practice in schools time to time within two months all teachers and students are well versed with liquid content practice in schools in their allotted TOEFL period. SCERT felt that the Liqvid team translated the requirement of AP school students into their content. Hence, to maintain continuity of the programme it would be good to continue the same content in the schools for upcoming 3 academic years and achieve good results in the TOEFL Primary and Junior certification exam. Therefore, he has requested the Government to extend the services of LIQVID English Edge Private Limited for the period of another 3 academic years to provisioning of e-Content of LIQVID English Edge Private Limited; **free of cost**, for use by the Department of School Education for students of grades 3 to 9 in Government Schools.

4. Government after careful examination of the matter, hereby accept the proposal of the M/s LIQVID EnglishEdge Private Limited, Noida to extend to provide the software **free of cost** for use by the Government of Andhra Pradesh for students of grade 3 rd to 9 th in Government schools until March 2027, to improve their speaking and listening skills and improve their performance in the TOEFL program and also to conduct trainings to selected officials of the Department of School Education.
